

## MR. & MRS. ROGER J. DAVIS

---

632 Easy St.  
Glendale Heights, IL 60139  
Phone: 630/469-8225

April 12, 2010

Our daughter, Brooke Davis, is developmentally disabled. Although 40 years of age chronologically, she functions at the level of a three-year old.

I am writing to you in hopes that you can expedite payment to the day program Brooke has been attending for more than 20 years. She is in the Medicaid program which should share with the state in underwriting the cost of her participation in the program. To date the state is \$119,000 behind on fee for service payments to RRAF.

Without prompt payment of at least a significant portion of the arrears, RRAF will have to close its doors as of April 30 or soon after. RRAF has just about exhausted its savings and soon will not be able to meet payroll or pay the mortgage on the physical facilities.

Enclosed is a newsletter that explains in greater detail the situation faced by RRAF. We understand that you have many problems facing you today, but hope there is something you can do to get us over the hump by seeing that at least a significant partial payment can be made to RRAF now.

Please do whatever you can so that our sons and daughters in the RRAF program can be provided services without interruption.

Thank you for whatever consideration you can give this request.

Sincerely,

Sandra & Roger Davis

PS: In the interest of full disclosure I want you to be aware that I am an unpaid RRAF board member and have been for many years. (Roger Davis)
